Annual Report of Rovers and Rangers

2025-2026

(The Bharat Scouts and Guides)

The Bharat Scouts and Guides (BSG) is India's national Scouting and Guiding organisation, a voluntary, non-political, and secular educational movement for young people. Founded on the principles laid down by Lord Baden-Powell in 1907, the movement is open to all without distinction of origin, race, or creed, and works towards the all-round development of young people as responsible citizens of their local, national, and international communities. Within this movement, Scouts and Guides refer to the section for young people typically between 10 and 17 years of age, who follow the motto "Be Prepared" as they build character, practical skills, and civic responsibility through structured troop activities. As members grow older, they progress into the Rover and Ranger section, meant for young men and women between 15 and 25 years of age. Rovers (for young men) and Rangers (for young women) represent the most senior wing of the movement, guided by the motto "Service." Having already absorbed the values of Scouting or Guiding, Rovers and Rangers take on greater responsibility, leadership, and community service, acting as a bridge between the structured training of younger sections and active, responsible adulthood.

MISSION

"The mission of Scouting is to contribute to the education of young people, through a value system based on the Scout Promise and Law, to help build a better world where people are self-fulfilled as individuals and play a constructive role in society."

VISION

"By 2023 Scouting will be the world's leading educational youth movement, enabling 100 million young people to be active citizens creating positive change in their communities and in the world based on shared values."

PURPOSE

The purpose of the movement is to contribute to the development of young people in achieving their full **Physical, Intellectual, Emotional, Social and Spiritual** potentials as individuals as responsible citizens as members of the Local, National and International communities.

OBJECTIVES

- To deepen the character, values, and life skills instilled during the Scout/Guide stage, helping members mature into responsible young adults.
- To engage Rovers and Rangers in sustained community service, social welfare, and nation-building activities such as health, hygiene, environmental, and awareness campaigns.
- To develop leadership, teamwork, and organisational abilities through crew/unit self-management, project planning, and event execution.
- To promote adventure, fitness, and outdoor skills through treks, camps, and adventure programmes that build resilience and confidence.
- To encourage civic responsibility and active citizenship, preparing members to participate constructively in society and, where relevant, in institutional and national programmes.
- To provide a structured pathway for members to progress through the stages of Rover/Ranger Aspirant, Rover/Ranger, and Rover/Ranger-in-Service, each with defined tests and responsibilities.

REPORT ON THE SESSION ON “ONE NATION ONE ELECTION

Date: 6th November 2025

Venue: BMS College of Commerce and Management (BMSCCM)

Organised by: Rovers and Rangers Club, BMSCCM

Resource Persons: Ms. Surabhi Hodigere, Public Policy Professional, and Sri. Ashwathnarayan, ONOE State Co-convenor, Karnataka

Participants: Students and Teaching Staff of BMSCCM

The Rovers and Rangers Club of BMS College of Commerce and Management (BMSCCM) organised an awareness session on **“One Nation One Election” (ONOE)** on **6th November 2025**. The programme was organised with the objective of creating awareness among students and youth about the concept of synchronising elections across the country and its potential implications for the electoral and governance system.

The session was addressed by **Ms. Surabhi Hodigere, Public Policy Professional, and Sri. Ashwathnarayan, ONOE State Co-convenor, Karnataka**. The resource persons provided insights into the concept of conducting elections to the Lok Sabha and State Legislative Assemblies simultaneously or within a synchronised time frame. The session also highlighted the rationale behind the proposal, including the potential to reduce election-related expenditure, minimise the frequency of election-related activities and facilitate greater administrative continuity.

Students and teaching staff of BMSCCM actively participated in and witnessed the session. The programme provided an opportunity for the participants to understand the concept from a public policy perspective and encouraged them to engage with important issues concerning India's democratic and electoral processes.

Objectives of the Event

1. **To create awareness** among students and youth about the concept of **“One Nation One Election”**.
2. **To enhance understanding** of India's electoral system and the proposal for synchronised elections.
3. **To familiarise students** with the potential benefits and implications of conducting elections simultaneously.

4. **To encourage informed civic participation** and awareness among the youth regarding important national policy issues.
5. **To develop critical thinking and democratic awareness** among students by providing exposure to contemporary public policy discussions.

Outcome of the Event

The session successfully enhanced the awareness of students and teaching staff regarding the concept of **“One Nation One Election”** and its relevance to India's electoral and governance framework. Participants gained insights into the rationale behind synchronising elections, particularly in relation to **reducing election expenditure and minimising repeated election-related activities.**

The interaction with experienced resource persons helped students gain a broader understanding of contemporary public policy and democratic processes. The programme also encouraged students to become more informed and responsible citizens by developing an interest in important national issues and public affairs.

Overall, the session was an informative and engaging initiative that contributed to civic awareness, public-policy understanding and responsible citizenship among the students of BMSCCM.
