INTERNATIONAL CONFERENCE ON EMERGING TRENDS IN ARTIFICIAL INTELLIGENCE, ENTREPRENEURSHIP & SUSTAINABILITY

5th Dec. 2024 (Online) & 6th Dec. 2024 (Offline)

B.M.S. COLLEGE OF COMMERCE & MANAGEMENT

B.M.S. College of Commerce & Management (BMSCCM) flourishes as a prestigious institution in Bengaluru, run under the aegis of BMS Educational Trust and affiliated to Bangalore City University. The college crafts undergraduate programs in Commerce, Management and Computer Applications, along with an Executive Management Program tailored for working professionals. The curriculum is meticulously forged to enrich both the academic and personal realms of students, weaving together curricular, cocurricular, and extracurricular activities, with learning credits awarded for every contribution. This holistic approach empowers adaptive learning, allowing students to navigate at their own pace. BMSCCM inspires students to explore, introspect and apply their knowledge through hands-on courses. These courses immerse learners in real-world experiences across social, individual, and corporate landscapes. Nestled amidst the tranquil surroundings of V.V. Puram, Basavanagudi. The college boasts modern amenities, including air-conditioned classrooms, cutting-edge computer labs, an administrative block, a fully-equipped seminar hall, and a comprehensive library. These facilities cultivate a student-centric learning environment, backed by illustrious faculty members.

PRIMAX FOUNDATION

Primax Foundation (Reg. No JNR-211-2015-16), Established in 2015 is a registered non-profit organization located in Bengaluru, Karnataka, India. Being committed to social development, it offers high-quality educational and professional development opportunities through workshops, conferences, seminars, and training programs. These programs encompass journal publications, faculty development, management development, educational and skill development initiatives, and research activities. As an emerging training and development center, Primax Foundation provides both on campus and off-campus programs to empowering students, research scholars, and faculty members with the knowledge and skills needed for academic and professional success.

ABOUT THE CONFERENCE

The International Conference on “Emerging Trends in Artificial Intelligence, Entrepreneurship and Sustainability” is identified to explore the pivotal role of Artificial Intelligence (AI), Entrepreneurship and Sustainable practices in shaping the future of various organisations. This conference will bring together students, researchers, academicians and industry leaders to explore the multifaceted influence of AI across industries and society. The convergence of Artificial Intelligence (AI), Entrepreneurship and Sustainability will represent a transformative frontier in today's business landscape. As the world is grappling with pressing environmental issues, the integration of AI technologies in sustainable practices will offer innovative solutions which will empower entrepreneurs to drive meaningful change. This dynamic intersection will reshape industries, create new business models, and foster a culture of sustainability. AI stands out as a catalyst for transformative change. This conference aims to unravel the potential of AI, providing a space for dialogue, exchange of ground-breaking ideas and collaboration. By addressing the latest developments and challenges in Artificial Intelligence, Entrepreneurship and Sustainability, the conference aims to contribute to the collective understanding of AI's role in shaping our future. The conference will be organised on hybrid mode (Online + Offline).
